

# HAEMOSTASIS PRODUCT LISTING

<b>A</b>		Anti-Prothrombin Autoantibodies		Calibration & Control Materials .....	15-17
Activated Partial Clotting Time (APTT) ...	11	ELISA kit .....	13	Conjugate Diluent .....	29
Activated Protein C		Antithrombin/Antithrombin III		C-Reactive Protein (CRP)	
Chromogenic substrate .....	18	Bovine protein .....	27	ELISA kit .....	12
Human enzyme .....	27	Calibrator .....	17	Latex immunoassay .....	12
Paired antibody .....	19	Control .....	16,17	Cytochrome C (Polyclonal Antibody) .....	20
Activators (Protac/Streptokinase) .....	28	Chromogenic assay .....	11,12		
Activator Diluent		Deficient plasma .....	18	<b>D</b>	
Buffers & solutions for ELISA .....	29	Latex Immunoassay .....	12	DDimer	
Solutions for microparticles .....	29	Human protein .....	26	Control .....	17
Alpha 1 Acid Glycoprotein .....	26	Paired antibody .....	19	ELISA kit .....	13
Alpha 1 Antitrypsin		Paired antibody (murine) .....	19	Deficient Plasmas .....	17,18
Paired antibody .....	19	Polyclonal antibody .....	23	Dilution Buffers .....	29
Polyclonal antibody .....	24	Polyclonal antibody (rabbit) .....	23	Direct Thrombin Inhibitors (DTI)	
Alpha 2 Antiplasmin		APC Resistance		Chromogenic assay .....	11
Deficient plasma .....	18	Clotting assay .....	11	Clotting assay .....	11
Polyclonal antibody .....	24	Control .....	16	Calibrator .....	16
Alpha 2 Macroglobulin		Antithrombin & Heparin Cofactor II		Control .....	16
Polyclonal antibody .....	24	Deficient plasma .....	18	Direct Xa Inhibitors (DiXal)	
Annexin V		Argatroban (Calibrator & Control) .....	16	Chromogenic assay .....	11
Control .....	17	Arixtra (Calibrator & Control) .....	15		
ELISA kit .....	13	<b>B</b>		<b>F</b>	
Polyclonal antibody .....	20	B2GP1		Factor II.....see Prothrombin	
Recombinant human protein .....	27	Buffer & solutions for ELISA .....	29	Factor V	
Anti-Annexin V Autoantibodies		Deficient plasma .....	18	Clotting assay .....	11
ELISA kit .....	13	ELISA kit .....	13	Control .....	16,17
Anti-B2GP1 Autoantibodies		Human protein .....	26	Deficient plasma .....	17
ELISA kit .....	13	Paired antibody .....	19	ELISA kit .....	13
Anti-Cardiolipin/Anti-Phospholipid		Polyclonal antibody .....	20,24	Inhibitor plasma .....	28
Antibodies (ACA/APA)		Bentonite .....	29	Paired antibody .....	19
ELISA kit .....	13	<b>C</b>		Polyclonal antibody .....	21
Anti-Protein C Autoantibodies		C1 Inhibitor		Polyclonal antibody (bovine) .....	21
ELISA kit .....	13	Deficient Plasma .....	18	Factor V-Leiden	
Anti-Protein S Autoantibodies		Polyclonal antibody .....	24	Calibrator .....	16
ELISA kit .....	13	C4b-BP (Human Protein) .....	26	Clotting assay .....	11
Anti-Protein Z Autoantibodies		Calcium Chloride .....	29	Control .....	16
ELISA kit .....	13	Collagen Binding		Factor VII	
		Control .....	17	Chromogenic assay .....	11
		ELISA kit .....	14	Clotting assay .....	11
				Calibrator .....	17
				Control .....	16,17
				Deficient plasma .....	17

Factor VII cont.		Factor XI		Fibronectin	
ELISA kit .....	13	Calibrator .....	17	ELISA kit .....	13
Human protein .....	26	Control .....	17	Buffer & solutions for ELISA .....	29
Inhibitor Plasma .....	28	Deficient plasma .....	17	Fibrinopeptide	
Paired antibody .....	19	Inhibitor Plasma .....	28	Polyclonal antibody .....	21
Polyclonal antibody .....	21	Paired antibody .....	19		
		Polyclonal antibody .....	22		
Factor VII-X (Clotting Assay)		Factor XIa		<b>H</b>	
Clotting assay .....	11	Chromogenic substrate .....	19	Heparin	
Control .....	16			Chromogenic assay .....	11,12
Factor VIII		Factor XII		Calibrator .....	15,16
Chromogenic assay .....	12	Control .....	17	Control .....	15,16
Control .....	16,17	Deficient plasma .....	18		
Deficient plasma .....	17	Inhibitor plasma .....	28	Heparin Cofactor II	
ELISA kit .....	14	Paired antibody .....	19	Chromogenic assay .....	12
Inhibitor plasma .....	28	Polyclonal antibody .....	22	Deficient plasma .....	18
Paired antibody .....	19			Human protein .....	26
Paired antibody (canine) .....	19	Factor XIIa		Paired antibody .....	19
Polyclonal antibody .....	21	Chromogenic substrate .....	19	Polyclonal antibody .....	24
		Human enzyme .....	27		
Factor IX		Factor XIII		Heparin Dependant Antibodies	
Chromogenic assay .....	12	Calibrator .....	17	ELISA kit .....	13
Control .....	16,17	Deficient plasma .....	18	Rapid assay .....	14
Deficient plasma .....	17	ELISA kit .....	13		
ELISA kit .....	13,14	Paired antibody .....	19	Hirudin	
Human protein .....	26	Polyclonal antibody .....	22	Calibrator .....	16
Inhibitor plasma .....	28			Control .....	16
Paired antibody .....	19	Fibrin Fragment		Polyclonal antibody .....	24
Paired antibody (canine) .....	19	Fragment E .....	26	Recombinant hirudin .....	29
Polyclonal antibody .....	20,22	Polyclonal antibody .....	20		
Factor IXa		Fibrino Peptide A (FPA)		<b>I</b>	
Chromogenic assay .....	12	Buffer & solutions for ELISA .....	29	Imidazole Buffer .....	29
Chromogenic substrate .....	18	Polyclonal antibody .....	20		
Fluorogenic substrate .....	19	ELISA kit .....	13	Immunoconjugates .....	25
		Control .....	17		
Factor X		Fibrinogen		Immunoglobulin G	
Bovine protein .....	27	Bovine protein .....	27	Non immune polyclonal antibody ...	25
Chromogenic assay .....	12	Buffer & solutions for ELISA .....	29	Polyclonal antibody (mouse) .....	25
Calibrator .....	17	Calibrator .....	17	Polyclonal antibody (rabbit) .....	25
Control .....	16,17	Control .....	16,17	Polyclonal antibody (sheep) .....	25
Deficient plasma .....	17	ELISA kit .....	13		
ELISA kit .....	13	Human protein .....	26	INR P.O.C system & consummables .....	15
Human protein .....	26	Fragments D,DD,E .....	26		
Inhibitor plasma .....	28	Latex immunoassay .....	12	<b>K</b>	
Paired antibody .....	19	Paired antibody .....	19	Kallikrein (Chromogenic Substrate) .....	18,19
Paired antibody (murine) .....	19	Paired antibody (murine) .....	19		
Polyclonal antibody .....	20,22	Paired antibody (rabbit) .....	19	Kinnogen	
		Polyclonal antibody .....	20	Deficient plasma .....	18
Factor Xa		Polyclonal antibody (rabbit) .....	20	Paired antibody .....	19
Bovine enzyme .....	28	von Clauss method .....	11	Polyclonal antibody .....	23
Chromogenic substrate .....	18,19				
Fluorogenic substrate .....	19				
Human enzyme .....	27				

<b>L</b>		Plasminogen		Protein Z	
Lipoprotein a (Lp(a)) (ELISA kit) .....	12	Bovine protein .....	27	Deficient plasma .....	18
		Chromogenic assay .....	12	ELISA kit .....	13
		Chromogenic substrate .....	18,19	Human protein .....	26
<b>M</b>		Control .....	16,17	Polyclonal antibody .....	20,23
Malaria Rapid Assay .....	14	Deficient plasma .....	18		
		Human protein .....	26	Prothrombin	
Microparticles Coagulant Activity .....	13	Paired antibody .....	19	Bovine protein .....	27
		Polyclonal antibody .....	23	Buffer & solutions .....	29
Monoclonal Antibodies .....	20			Chromogenic assay .....	12
		Platelet Factor 4 (PF4)		Calibrator .....	17
Monoclonal Free Protein S		Control .....	17	Control .....	16,17
Control .....	17	ELISA kit .....	13	Deficient plasma .....	17
ELISA kit .....	14	Human protein .....	26	Human protein .....	26
		Polyclonal antibody .....	20,25	Inhibitor plasma .....	28
				Paired antibody .....	19
<b>N</b>		Platelet Glycoprotein IIb/IIIa Polyclonal		P.O.C system & consummables	15
Non Titrated Human Plasma .....	16	Antibody .....	25	Polyclonal antibody .....	20,21
Neutrophil Elastase Polyclonal Antibody .	24				
		Polyclonal Antibodies .....	20-25		
<b>O</b>		Prekallikrein		<b>R</b>	
Owren Koller .....	29	Deficient plasma .....	18	Ristocetin Cofactor (Control) .....	17
		Human plasma .....	26		
Orgaran (Calibrator & Control) .....	15	Paired antibody .....	19	<b>S</b>	
		Polyclonal antibody .....	23	Sample Diluent .....	29
				Stop Solution .....	29
<b>P</b>		Protac .....	28	Streptokinase .....	28
Paired Antibodies .....	19	Protein C		Substrates .....	18,19
Buffer Pak .....	14	Chromogenic assay .....	11,12		
Phospholipid-TGT .....	30	Chromogenic substrate .....	19		
Phosphate NaCl Buffers .....	29	Clotting assay .....	11		
		Calibrator .....	17		
Para-Nitroaniline (PNA) .....	29	Control .....	16,17	<b>T</b>	
Plasma Factors & Cofactors		Deficient plasma .....	18	Thrombin Activatable Fibrinolysis Inhibitor (TAFI)	
Calibrator & control .....	16	ELISA kit .....	13,14	ELISA kit .....	12,14
		Human protein .....	26	Control .....	17
Plasmin (Chromogenic Substrate) .....	18,19	Paired antibody .....	19	Deficient plasma .....	18
		Polyclonal antibody .....	20,23	Paired antibody .....	19
				Polyclonal antibody .....	23
Plasmin Inhibitor (Chromogenic Assay) ..	12	Protein C Inhibitor		Thrombin	
		Deficient plasma .....	18	Bovine enzyme .....	28
Plasminogen Activator Inhibitor-1 (PAI-1)		Paired antibody .....	19	Chromogenic substrate .....	18,19
Antibodies (animal model) .....	20	Polyclonal antibody .....	24	Clotting assay .....	11
Control .....	17			Human enzyme .....	27
Deficient plasma .....	18	Protein S		Paired antibody .....	19
ELISA kit (activity & antigen) .....	12,13	Calibrator .....	17	Polyclonal antibody .....	21
ELISA kit (animal model) .....	12	Control .....	17	Polyclonal antibody (bovine) .....	21
Protein (animal model) .....	29	Deficient plasma .....	18	Polyclonal antibody (rabbit) .....	21
Recombinant human protein .....	27	ELISA kit (Free & Total) .....	13,14		
Monoclonal antibody .....	20	Human protein .....	26	Thrombin Inhibitors	
Polyclonal antibody .....	24	Paired antibody .....	19	.....see Direct Thrombin Inhibitors	
		Polyclonal antibody .....	20,23		

Thrombin Time (TT) .....	11
Tissue Factor	
ELISA kit .....	13
Polyclonal antibody .....	21
Recombinant, rabbit .....	29
Tissue Factor Pathway Inhibitor	
Polyclonal Antibody .....	24
Tissue Plasminogen Activator (tPA)	
Chromogenic substrate .....	18,19
ELISA kit .....	12,13
Control .....	17
Recombinant human protein .....	27
Deficient plasma (tPA/PAI-1) .....	18
Paired antibody .....	19
Polyclonal antibody .....	23
tPA Stimulator .....	26
Tetra Methyl Benidine (TMB) .....	29
Tris Buffers .....	29
<b>U</b>	
Urokinase (Chromogenic Substrate) .....	18
Urokinase type Plasminogen Activator (uPA)	
Control .....	17
ELISA kit .....	12,13
Human enzyme .....	27
<b>V</b>	
Vimentin Polyclonal Antibody .....	24
Vitronectin Polyclonal Antibody .....	24
von Willebrand Factor (vWF)	
Calibrator .....	17
Control .....	17
Deficient plasma .....	18
ELISA kit .....	13
Paired antibody .....	19
Polyclonal antibody .....	22
Polyclonal antibody (canine) .....	22
Polyclonal antibody (rat) .....	22
<b>W</b>	
Wash Solution (for ELISA) .....	29
